

VINDO
ENGINEERING

Quality Machining Solutions Since 2008

Company Profile

About us

Vinod Engineering is a trusted engineering and machining company based in Vadodara, Gujarat,

Established in the year 2008.

We specialize in precision machining and industrial job work solutions for various manufacturing and engineering industries. With years of experience, skilled technical support, and advanced machinery infrastructure, we are committed to delivering accurate machining work with quality finishing and timely delivery.

Over the years, we have successfully worked with **30+ companies**, building long-term business relationships through trust, quality service, and professional workmanship.

“Under the leadership of **Mr. Pramod Kushwaha**, Vinod Engineering continues to provide reliable engineering solutions with precision and dedication.

Our Services

Engineering & Machining Services

- 01** All Types of Shaping Job Work
- 02** Precision Grinding Job Work
- 03** CNC Machine Job Work
- 04** VMC Machine Job Work
- 05** Customized Engineering Solutions
- 06** Lathe Machine Job Work
- 07** Precision Machining Solutions
- 08** Industrial Manufacturing Support
- 09** Heavy & Light Engineering Job Work
- 10** Machine Components Machining
- 11** Industrial Parts Finishing Work

Our Machinery Setup

Vinod Engineering is equipped with modern machinery setup to handle precision machining and industrial job work requirements efficiently.

01 Shaping Machines

- Total Machines: 6
- Capacity: 800mm × 500mm

02 Grinding Machines

- Total Machines: 2
- Capacity: 800mm × 500mm

03 VMC Machines

- Total Machines: 2
- Capacity: 1 Meter × 500mm

04 CNC Machine

- Total Machines: 1
- Capacity: 200mm × 500mm

Shaping Machines

Our shaping machines are designed for accurate metal shaping and precision industrial machining work.

Machine Details

- Total Machines : 6
- Working Capacity: 800mm × 500mm

Applications

- Industrial Components
- Precision Surface Work
- Engineering Parts Machining
- Heavy & Light Job Work

Grinding Machines

Our grinding machines deliver accurate finishing and smooth surface quality for industrial machining applications.

Machine Details

- Total Machines: 2
- Working Capacity: 800mm × 500mm

Applications

- Surface Finishing
- Precision Grinding
- Component Finishing
- Industrial Surface Accuracy

VMC Machines

Our VMC machines provide high-precision machining solutions for complex industrial components and production work.

Machine Details

- Total Machines: 2
- Working Capacity: 1 Meter × 500mm

Applications

- Precision Machining
- Industrial Component Production
- Engineering Parts Manufacturing
- High Accuracy Cutting Work

CNC Machine

Our CNC machine ensures accurate cutting, precision machining, and high-quality production support for industrial applications.

Machine Details

- Total Machines: 1
- Working Capacity: 200mm × 500mm

Applications

- CNC Precision Work
- Industrial Components
- Machine Parts Machining
- Accurate Cutting Solutions

Our Infrastructure

Vinod Engineering has a well-organized workshop infrastructure equipped with advanced machinery and proper working environment to ensure smooth production and quality machining solutions.

Quality Policy

At Vinod Engineering, quality is our priority. We are committed to maintaining high-quality standards in every project by ensuring precision machining, accurate finishing, and timely completion.

Our Valuable Clients

Trusted By 30+ Industrial Clients

Vinod Engineering has proudly worked with various engineering and manufacturing companies by delivering reliable machining and industrial job work solutions.

Our commitment to quality, precision, and timely delivery has helped us build long-term business relationships with our clients.

Our Vision

To become one of the most trusted and leading engineering job work companies by delivering precision machining solutions with quality, reliability, and professionalism.

Our Mission

To provide dependable engineering and machining services using advanced machinery, skilled workmanship, and customer-focused solutions while maintaining high-quality standards and long-term industrial relationships.
